To Whom It May Concern,

If your company/organization is looking for a speaker who can deliver the message you would like the attendees to remember, look no further than Mr. Neal Peacock. Neal is a unique speaker/presenter who will have everyone rolling with laughter one minute, shedding tears of sadness the next through stories and personal experiences that deliver the message of his presentation.

Neal is a lifelong educator with many awards. He has been a community and ecclesiastical leader in his community. Neal spent numerous years as advisor to the student council and was the driving force in creative and fun activities for the students. He has presented at the Utah Rural Schools Conference for the past six years. His sessions are always full, regardless of the topic he presents. Educators leave his sessions not only commenting on how much they learned about the topic but how entertaining and thought provoking Neal was. Many have told me that they want Neal for their opening institute speaker.

I highly recommend Neal Peacock to any organization looking for a high energy motivational speaker. You will not be disappointed with your selection.

J.J. Grant
Executive Director, Southeast Education Service Center
