To Whom It May Concern:

I am honored to recommend Neal Peacock and do so without hesitation. Neal came to speak to the Snow College PBL Chapter and his speech is not one we will soon forget. His qualifications are outstanding and he speaks from true experience on his topics.

During his speech Neal provided a handout which was as interactive and as eye catching as his presentation. Not only does he bring the audience into his topics but he speaks from experience on the best ways to do things, allowing listeners to learn every step of the way. The presentation kept everyone captivated and allowed for a lot of personal interaction. Not only did Neal present his topics with true experience, but also created a fun interactive lesson for all who attended.

Neal is an outstanding speaker and truly taught our Phi Beta Lambda Chapter about leadership. Please feel free to contact me at (435) 406-7251 (or at [daniellejessicaerickson@yahoo.com](mailto:daniellejessicaerickson@yahoo.com)) if you would like to further discuss Neal's presentation ability.

Sincerely,

*Danielle Erickson*
